**PART E. PROFESSIONAL CONDUCT STATEMENT FOR ISDS INSPECTORS**

The Town requires every Town Approved ISDS Inspector to behave with the highest degree of professionalism in while conducting Town required inspections. Inspectors are expected to treat every person they encounter in the work environment with the highest level of honesty, courtesy, respect and consideration.

Inspectors are expected to follow the inspection procedures laid out in the State of Rhode Island's Septic System Checkup Handbook to conduct an honest and accurate representation of the current function of their clients ISDS. If the Town receives written notification of negligent or dishonest reporting on the part of the inspector, the inspector may be removed from the Town's List of Approved ISDS Inspectors.

**PART F. INSURANCE INFORMATION**

Pease attach certificate of insurance for at least 1 million dollars general liability with completed operations coverage, or error and omissions with the Town as additional insured.
