From South: North on I-95 to Exit 16 (Elmwood Avenue). Bear right and take left at light, park entrance is 1/2 a block on right.

Once inside the park, stay straight so that the Betsey Williams' Cottage is on your right. Stay right at the rotary, and follow the green sign to the Botanical Center. You will pass the Carousel on your right and the Boathouse on your left. Continue over the bridge and up the hill. At the top of the hill, you will drive past fenced-in horse pasture on your left and the Botanical Center complex on your right. Continue down the hill and take a right into the Botanical Center parking lot. If you reach the rotary, you have gone too far.

Once you are parked, follow the signs past the Botanical Center Ticket Booth, up through the outdoor gardens and past the entrance to the large Conservatory. From that point, signs will lead you to Greenhouse 3.
